
ACKNOWLEDGEMENTS

The workshop steering committee is thankful for all who contributed their time and expertise to the workshop as well as this proceedings volume. We would especially like to thank the National Oceanic and Atmospheric Administration leadership, namely, Monica Medina and Mark Holliday, for their support of the workshop. We are grateful to Russell Porter, Thom Kincheloe, Teresa Fairchild, and Sharon Depiso of the Pacific States Marine Fisheries Commission for logistical support of the workshop. We express special thanks to Corinne Pinkerton, Stephen Stohs, and Craig Heberer, National Marine Fisheries Service, for assistance in managing the workshop sessions. We extend sincere gratitude to Carrie Pomeroy, Sea Grant, for facilitating workshop sessions and conducting an insightful editorial review of the proceedings draft. We are thankful for the expertise of Bonnie Rogers, Ocean Associates Inc., and Todd Payne, IT Crisis Services Inc., on the figure designs and overall composition of the final document.
